UPWARD BOUND EMPLOYMENT OPPORTUNITIES SUMMER 2020

The Upward Bound Project is a federally funded program to encourage postsecondary preparation of high school students who are from low-income families and are first-generation college bound students (the first in their family to go to college). Part of this program is an intensive, six-week summer academy during which students reside in University of Utah residence halls and receive high school enrichment instruction in composition, literature, foreign language, mathematics, financial literacy and science. Supervised recreation, guidance and peer advising, and career exploration are also provided. The following positions are currently open and available for the summer 2020 summer academy.

Residential Team Leader (TL) Live in the University Residence Halls with high school participants (grades 9-11) in the Upward Bound Pre-Bridge program. Provide supervision, individual and group tutoring, mentoring, and peer advising. Six Positions total - PRN 10327N. Salary: $440/week + Room/board.

Bridge/JumpStart Mentor: Live in the University Residence Halls with first semester college freshmen participants in the Upward Bound Bridge and Jump Start Programs. Two positions total - PRN10329N. Salary: $440/wk + Room/board.

Residential Supervisor: Live in the University Residence Halls with high school participants, and oversees UB Pre-Bridge staff. Assures that residential staff are meeting established employment expectations; communicates daily with Director, Academic Advisors and residential staff; Resolve problems between residential staff and/or students. Required to attend out of state tour last week of program. One position total - PRN10330N. Salary: $480/week + Room/board.

Tutors: Tutor participants during afternoon and/or evening study halls, four days per week. Five positions total - PRN10326N. Salary: $10/hr.

Faculty: Assists with the coordination, design and production of activities for educational programs. Applications will be accepted for individuals with experience in the following subjects (one candidate per subject - PRN10331N. Salary: $15/hr):
