

TRIO Student Support Services Participation Agreement 2023-24

TRIO Student Support Services (SSS) is an academic success program intended to support educational, personal, and professional growth and to ensure students reach graduation at the University of Utah. As such, we ask that each student work towards academic achievement and continual growth by:

1. Attending a TRIO SSS New Student Orientation.
2. Completing the RNL College Student Inventory (incoming students only. Instructions will be sent to you).
3. Meeting with your SSS Advisor (at minimum) once per semester.
4. Creating an Academic Success Plan with your advisor and revisiting/adjusting as necessary.
5. Attending (at minimum) one workshop, speaker, or community building activity per semester (these can be through TRIO or another campus partner).

Additionally, while not required, the following tasks are encouraged and intended to further support student success:

1. Complete a Free Application for Federal Student Aid (FAFSA) each year.
2. Attend the Welcome Back Social and other community building activities throughout the year.
3. Apply for scholarships.
4. Regular communication with SSS Mentor.
5. Maintain Satisfactory Academic Progress
6. Attend tutoring as needed.
7. Involvement in extracurricular activities across campus.

Participation in TRIO SSS and the above tasks will ensure students remain eligible for services including TRIO scholarships and tuition waived courses. Please note, class enrollment and scholarship recipients may have additional requirements.

If students are unable to meet the outlined conditions they may be released from the program.

I have read and understand my expectations to participate and remain in TRIO Student Support Services.

Student Name: _____ U# _____
