Hola!

My name is Luis Lopez and I am a Hip Hop loving Xicano from Santa Ana, CA. I am hella excited to join TRIO SSS as the Advising Coordinator. Previously, I served as an Academic Advisor with Upward Bound here at the U. As an undergrad I majored in Latin American Studies and was a recipient of a Foreign Language and Area Studies Fellowship for Nahuatl. I am currently a graduate student in the Educational Leadership & Policy Program with an emphasis in student affairs. I look forward to getting to know TRIO SSS students and supporting their personal and academic journey through higher education.

Luis Alberto Lopez, Student Support Services Coordinator for Academic Success

My name is Abdul Mannan Junaid, a first generation Trio student at the University of Utah who is double majoring in sociology and criminology. Working as a math navigator for the Trio program has been amazing not only because I get to help students, but also connect and advise them through their classes, making sure to answer any questions or help solve any issues they might be facing. Helping students is amazing because I wish to provide them with resources in a way I wish I had when it was my first semester. Along with working, I enjoy hiking, swimming, as well as finding new spots in the city to eat! I am definitely looking forward to the upcoming semester!

If you know that you will be unable to pay in full you will need to to find a method of payment. If you are tapped out on family funds, savings, or scholarships, you can consider taking on a subsidized loan if you were offered that through your financial aid package. If you were offered a loan through financial aid but declined it, you can still request it. Contact the financial aid office to find out what you need to do to activate the aid. Remember that you do not need to pay back the Direct Subsidized or Unsubsidized loans until you graduate and/or you are out of school for 6 months. Another option is to set up a payment plan with the university. It costs $35 to set up and with the 4 installment payment plan, that is available until August 30, you would need to pay 1/4 of the total amount due when you enroll. Then you need to pay on the 22nd of September, October and November. If your payment fails to go through, your plan will be cancelled. For more information, go to this site: https://fbs.admin.utah.edu/income/payment_plans/.

**If you are looking for textbooks,** check with the TRIO office to see if we have the book you need. We do carry books for some general education courses. You can also check with the library reserve to borrow for the day.
