Student Highlight | Carla Grimaldi

I joined the Trio program as a freshman at the University of Utah. Now in my fifth year, I plan to earn my BA in International Trade and Commerce with a minor in Political Science in May 2018.

Studying abroad was something I thought was out of my reach. However, I soon discovered the contrary were true. The Trio program has provided me with invaluable experience when I was fortunate enough to study abroad at the University of Rome in the Fall of 2015. I ate delicious food, traveled Western Europe, and most importantly gained an understanding of International Business and Italian. I later studied at Queens College in New York City as a national exchange student before returning to Salt Lake City. Trio has been by my side throughout all of it and helped along the way including my current endeavor as the Ibarra Strategy Group’s current intern in Washington D.C. Shout out to Maria Baldwin for being one of Trio’s best counselors, they have helped when it comes to tutoring, letters of recommendation and is always available to offer me help. Thanks Trio!
