Welcome to 2020! May the new year bring a fresh start, new aspirations, and inspiring successes. The new year brings many opportunities academically, personally and most importantly financially! As you prepare to finalize your FAFSA for the upcoming new year, or think about your graduation date approaching we want you to keep in mind that your education does not have to stop here. TRIO offers opportunities to discuss graduate school, meet our first-generation graduate students, and ensure you are taking care of yourself while enrolled. –Stephanie C.
