Summer Bridge
Seniors! Welcome to the University of Utah! The Summer Bridge will be in person this year, and we are excited to be spending the summer with you!

Campus in Incheon, South Korea.
Upward Bound selected 4 students to have a semester abroad at the University of Utah's Asia Campus in Incheon, South Korea. This experience was possible due to a coordinated effort between TRIO and the learning abroad office here at the U. The study abroad, including travel, was fully paid for by Upward Bound as an opportunity to give First-Generation students the experience of learning and living in another culture.

Our first-year SSS/former Upward Bound students are currently in South Korea!

Hello From South Korea!

Dear Families,
The students have been doing a lot of exciting things while in Seoul. We've been exploring Korea and Seoul has been really interesting because you'll just be walking past some skyscrapers and there's just an ancient historical monument right there. - Mason Garner

Study Tip!
When it comes to writing, there are numerous ways that you can do to improve. An essential part to a successful essay is to make sure it flows, is concise, and makes sense. To improve your writing you can:
- Ask someone from Upward Bound to help you out!
- Use an editing software like Grammarly
- Ask a friend to proof read it
- Sign up online to receive our future emails.
- Opt out to receive our future emails.

Good Luck to all our students who are preparing for the AP tests in early May! Finish this year off strong!

Don't let the (slightly) warmer weather distract your corner! Make sure that you keep on studying and participating in Upward Bound events to prepare yourself for the upcoming year.
